PROFESSIONAL EXPERIENCE

AI Intern — Infosys Springboard

Nov 2025 – Jan 2026 — Virtual

- Built **AI-Powered Car Lease & Loan Contract** assistant for complex financing contracts.
- Implemented **OCR extraction** using **Tesseract** for legal document parsing.
- Developed **NLP pipelines** with **spaCy** & **LangChain** for risk clause identification.
- Engineered **fairness benchmarking** with **LLM-generated recommendations**.

Tech: Python, FastAPI, Flutter, LangChain, spaCy, Tesseract, Pandas

PROJECTS

Literai - Multi-Agent AI Assistant

[Live Demo](#) — [GitHub](#)

- Orchestrates **9 specialized AI agents** (Orchestrator, Planner, Searcher, Analyzer, Writer, Fact Checker, Reviewer, Summarizer, Formatter) working collaboratively to perform comprehensive end-to-end research on any given topic with automated workflow management.
- Delivers **accurate answers with source attribution** and generates comprehensive research reports automatically, making complex information accessible and verifiable for end-users.
- Ensures **high-quality outputs through a scoring system** with secure JWT authentication, providing reliable and scalable research capabilities for diverse use cases.

Tech: React, Node.js, MongoDB, Express.js, FastAPI, LangGraph, LangChain, Mistral AI

DeepSeek Clone - AI Chat Platform

[Live Demo](#) — [GitHub](#)

- Enables **real-time text and code generation** through an intuitive conversational AI interface powered by Generative AI APIs for seamless user interaction.
- Supports **voice-based interaction** with integrated speech-to-text and text-to-speech capabilities, making AI assistance accessible through voice commands.
- Provides **secure access with JWT authentication** and implements a subscription-based payment system using Razorpay for monetization.

Tech: MERN Stack, Generative AI, JWT, Razorpay

Taxpayer Education Platform (NADT)

[Live Demo](#) — [GitHub](#)

- Delivers **video-based learning modules** with comprehensive progress tracking for taxpayer education and financial literacy awareness.
- Automates **certificate generation upon course completion** using Puppeteer and manages payments seamlessly through Razorpay integration.
- Sends **automated notifications and timely updates** to users via SendGrid email API, ensuring continuous engagement and communication.

Tech: MERN Stack, Razorpay, SendGrid, Puppeteer

CERTIFICATIONS

- Fundamentals of Deep Learning** - NVIDIA (2024)
- Full Stack Generative AI and Agentic AI** with Python (2024)
- Generative AI Explained** - DeepLearning.AI (2024)
- MongoDB Basics for Students** - MongoDB University (2024)
- Web Development Bootcamp** Certification (2023)

ACHIEVEMENTS

- Swalambh Hackathon** (National Level) - **Top 15 teams** out of 150+ participants for innovative AI-driven solution.
- Webathon 2.0** (ACM-MHSSCE Mumbai) - **Top 20 teams** out of 125 nationwide for full-stack web development excellence.
- Beat-Bots Competition** - **Third Runner Up** among 40+ teams for building Gen AI Music.
